

REMARKS

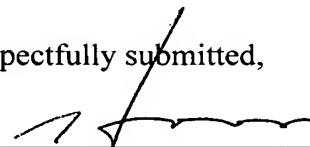

Claims 43-70 are currently pending in the application. Claims 1-42 are canceled herein without prejudice to Applicant's right to prosecute the subject matter of these claims in a related application. New claims 43-70 are added. Support for claims 43-45 can be found, for example, in the claims as originally filed. Support for claim 46 can be found, for example, on page 25, lines 3-24 of the specification; page 26, lines 1-2 of the specification; and page 28, lines 1-24 of the specification. Support for claims 47-49 can be found, for example, in the claims as originally filed. Support for claim 50 can be found, for example, on page 28, lines 1-24 of the specification. Support for claims 51-70 can be found, for example, on page 12, lines 13-17 of the specification; page 17, lines 7-17 of the specification; page 18, lines 8-19 of the specification; page 19, lines 1-8 of the specification; and in the claims as originally filed. Thus, no new matter is added.

Applicants note that only pharmaceutical composition claims are currently under examination in this application. Although method claims were initially examined, those claims were voluntarily canceled to expedite the prosecution of this application. However, in view of the new rules which would go in effect on November 1, 2007, Applicants are adding the method claims back to this application. It is respectfully requested that all of the claims presented herein be examined in this application, or alternatively, a restriction requirement be issued. A Request for Continued Examination is also filed herewith in this regard.

Respectfully submitted,

Date: October 30, 2007
